**APPLICATION AND PERMIT FOR A PRIVATE STORM DRAIN CONNECTION TO THE STATE OF HAWAII HIGHWAYS DIVISION STORM DRAIN SYSTEM (OAHU DISTRICT)**

Application Date: \_\_\_\_\_

**APPLICATION FOR CONNECTION**

Pursuant to Hawaii Revised Statutes, Chapter 264, as amended, applicant hereby requests a permit for a private storm drain connection(s) to the State of Hawaii Highways Division storm drainage system. The pertinent information on the storm drain system located on this property is as follows:

1. Name of Highway/Route No.: \_\_\_\_\_
2. Tax Map Key Number: \_\_\_\_\_ Street Address: \_\_\_\_\_
3. Name of Development/Facility: \_\_\_\_\_
4. Location of Connection(s): \_\_\_\_\_  
\_\_\_\_\_
5. After the fact?     Yes     No                      Highways I.D. No.: \_\_\_\_\_

1. Provide a brief description of connection(s) serving this property. (For each connection, provide location, size, type of discharge, flow rate, and drainage report. Tie connection point to Highway baseline and stationing. A plan showing the drainline(s) and inlet(s) related to the connection should be included.)

DRAFT

2. Does your property/facility generate storm water associated with “industrial activity”, as defined by 40 C.F.R. Sections 122.26(b)(14)(i)-(xi), excluding 40 C.F.R. Section 122.26(b)(14)(x)? If so, submit analysis of a storm water sample performed by a laboratory acceptable to the State within one (1) year after the date of the connection.
  
3. Does the property/facility associated with the drain connection require National Pollutant Discharge Elimination System (NPDES) permit/permit coverage for industrial or other regulated activities from the State Department of Health (DOH)? If so, attach a copy of the NPDES permit. If an application for said permit has been submitted to DOH, but the permit is still pending, state so, attach proof of submittal to DOH, and provide a copy of the permit upon approval.

4. If your property/facility requires an NPDES permit coverage, install permanent best management practices (BMPs) and provide written documents for future maintenance of the permanent BMPs. If permanent BMPs are not included, submit specific documentation demonstrating that they are not practical.

**PERMIT FOR CONNECTION**

Pursuant to Hawaii Administrative Rules, Chapter 11-55, application is hereby made to connect to the State Highway drainage system at the location(s) listed above, and at no other location.

Licensee\*, the undersigned, hereby agrees to the following:

1. That Licensee shall bear the entire costs for engineering, construction, and maintenance of the private drainage system, including any portion of this drainage system located within the State's rights-of-way.
2. That Licensee shall indemnify and hold the State free and harmless from all suits and actions caused by the Licensee's acts or failure to act in connection with the engineering, construction, and maintenance of the Licensee's private drainage system and its connection to the State Highway drainage system.
3. That the construction of the drainage system shall be made in accordance with plans and specifications approved by the Administrator, Highways Division, and subject to compliance with all applicable statutes, ordinances, and rules and regulations of Federal, State or City agencies having the effect of law.
4. That prior to any construction work, the Licensee shall obtain a Permit to Perform Work Upon State Highways from the District Engineer, Highways Division.
5. That in the event any portion of the State Highway drainage system is damaged or destroyed during the construction of the private drain connection the Licensee shall bear the entire cost of engineering and construction or replacement of the damaged facility.
6. That no additions or alterations to the private drainage system will be made without the prior written consent of the Administrator, Highways Division.
7. That the private drainage system shall remain the Licensee's property and that the Licensee will be solely responsible for its maintenance and upkeep.
8. That in the event the private drainage system within the State Right-of-way shall at any time interfere with any public use, the Licensee will relocate the private drainage system at the Licensee's expense.

9. That any time the private drainage system discharges pollutants or other objectionable material into the State Highway drainage system which exceeds applicable water quality standards of the State of Hawaii, as identified in Section 11-54-04, Hawaii Administrative Rules, or otherwise misuse the system, or cause a violation of any provisions of the State's National Pollutant Discharge Elimination System (NPDES) Permit, the State, by written notice, may terminate this license and have the system removed at the Licensee's expense. In addition, the Licensee shall be liable for any and all penalties as a result of discharges from the Licensee's system.
10. That discharges to the State Highways drainage system shall be composed entirely of storm water. In the event the discharge into the State Highways drainage system includes storm water associated with industrial activity as defined in the Federal regulations, the Licensee shall obtain appropriate National Pollutant Discharge Elimination System (NPDES) permit(s), and shall provide data on the characterization of the constituents, quantity of the effluent and discharge, at the Licensee's expense within one (1) year after the date of connection, and annually thereafter or as the need may arise as determined by the Administrator, Highways Division.
11. That Licensee shall provide appropriate best management practices and/or treatment devices for the removal of soil particles, and/or other pollutant(s) in the discharge, to the maximum extent practicable, and such discharge shall meet the basic water quality criteria applicable to all waters, as identified in Section 11-54-04, and any other applicable sections in Chapter 11-54, Hawaii Administrative Rules, at the point of discharge into State waters.
12. That the Administrator, Highways Division, or his authorized representative, may during reasonable hours and upon notification to Licensee, enter the premises or any building to investigate, measure or test any effluent that is discharged directly or indirectly to the State Highway drainage system.
13. That Licensee will notify the District Engineer at least 48 hours before commencing construction work at telephone number 831-6812, to arrange for necessary inspectional services.
14. That this agreement shall be made a condition of any subsequent transfer of property ownership.
